Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The primary purpose of this plan is to describe a methodology for reducing crime in and around the Miami Beach Housing Authority public housing units. The Housing Authority contracted a private security firm to provide licensed security personnel upon the premises of Rebecca Towers South. Contracting with a security guard company that is dedicated solely to the residents of Rebecca Towers and the open communication through monthly tenant meetings demonstrates the Housing Authority’s commitment to keeping the public housing property drug free. During regular business hours, the Building Manager and Maintenance staff keeps a watchful eye on the activities in and around the property. The security firm will enforce drug prevention strategies during the time that the office is closed. The security contracting efforts will be enhanced by installing automated security gates to the facility parking lot to control egress and installing security cameras and monitoring system at the entranceway doors to the facility.

**Statement of Progress in Meeting the 5-Year Plan
Mission and Goals**

The last fiscal year HACOMB focused more on the resolution of various operational concerns as identified by HUD and IPA audits. We have made significant progress in resolving the identified deficiencies. We expect all audit finding to be closed by the end of the next fiscal year.

Because of our priority on the above mentioned operational concerns, our progress on t he goals and objectives hastily set last year was not as complete as we would have liked.

This year we totally revised our goals and objectives at a retreat held on February 27, 2001. We will report on the new goals and objectives next year.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The primary purpose of this plan is to describe a methodology for reducing crime in and around the Miami Beach Housing Authority public housing units. The Housing Authority contracted a private security firm to provide licensed security personnel upon the premises of Rebecca Towers South. Contracting with a security guard company that is dedicated solely to the residents of Rebecca Towers and the open communication through monthly tenant meetings demonstrates the Housing Authority's commitment to keeping the public housing property drug free. During regular business hours, the Building Manager and Maintenance staff keeps a watchful eye on the activities in and around the property. The security firm will enforce drug prevention strategies during the time that the office is closed. The security contracting efforts will be enhanced by installing automated security gates to the facility parking lot to control egress and installing security cameras and monitoring system at the entranceway doors to the facility.
